EDUCATION

University of California, Berkeley

8/2016 - 5/2020

B.A. New Media (Interdisciplinary Studies); minor in History

EXPERIENCE

MongoDB — Product Design Intern

5/2019 - 8/2019

Worked primarily on MongoDB's Compass team, designing new experiences for the product. Also worked on design systems and UX writing during this internship.

Beyond Design Thinking (NWMEDIA 198) — Instructor

1/2019 - 5/2019

Co-founded and teaching a student-run course on campus about the relationship between technology, design, and our inherited ideologies. Topics covered include critical theory, science & technology studies, design ethics, postcolonial design, and speculative design.

The BRAVO Group — UX Design & Research Intern

5/2018 - 8/2018

Imagining autonomous vehicle futures through human-centered design under Alice Agogino and Euiyoung Kim. Researching the AV space and designing novel experiences.

Haas School of Business — Design Research Assistant

8/2017 - 12/2018

Conducting education design & systems thinking research under Sara Beckman and Rachel Dzombak. Projects vary from researching roles in student project teams, to design thinking application in industry.

EXTRACURRICULARS

Berkeley Innovation — Product Design Consultant

1/2018 - 12/2018

Product design and human-centered design consulting work for various start-ups, typically around the Bay Area.

Innovative Design — Designer & Photographer

1/2018 - 12/2018

Various photo and design consulting work for on-campus organizations.
